Sequoia & Kings Canyon National Parks Fire Update

For Immediate Release – July 20, 2012

Anne Birkholz (559) 565-3704, Sequoia & Kings Canyon National Parks

Modification to Woods Creek Fire Trail Closure

Hikers may now pass unescorted through the section of the Woods Creek trail that has been closed due to wildfire. Hikers are required to stay on the trail. Camping along or immediately adjacent to the fire area is prohibited. Camping is allowed in Castle Domes Meadow. This strategy allows hikers use of the trail while minimizing the risk associated with prolonged exposure to the fire area.

Fire growth has effectively been stopped on the Woods Creek fire. However, the fire area remains hot and potentially hazardous as it continues to consume fuel within the current perimeter. The current acreage is 325 acres.
